Bryan Electric has completed a number of complex security system installations, including but not limited to the Atlantic City Train Station, Long Branch Train Station and Rail Yard, Bayhead Rail Yard, and Washington Township Bus Garage. The knowledge and workmanship they displayed was impeccable. Systems they installed years ago are still up and running today with minimal maintenance needed.

We would recommend Bryan Electric for all your video, surveillance and security needs. They run a smooth job and are competitive when it comes to cost. They have exceeded all of our expectations and we hope to continue to work with them in the future.

A handwritten signature in blue ink that reads 'Mark Mac Connell'.
